Re: Cease and Desist Order on Covid-19 Measures

We, the People/men and women of Australia order you to cease and desist the use of experimental vaccines as they constitute Crimes against Humanity under Natural Law, Common Law, Treaty Law, Articles 6 and 7 of the International Criminal Court Statute, the Nuremberg Code, the Geneva Convention, The United Nations Convention, The United Nations Declaration on the Rights of Indigenous Peoples, The United Nations' Universal Declaration on Human Rights, The Magna Carta and The Constitution of Australia. These crimes are being committed against innocent free born men, women and children of the Australian Federation all of whom stand under God's jurisdiction and protection. If you have evidence that none of these rights exist, you are hereby commanded to provide all and any such evidence within 72 hours of receipt of this Cease and Desist Order. We have seen no such evidence and believe no such evidence to exist.

The following actions consist of Crimes against humanity in gross contravention of every law, and treaty ratified since World War 2.

- 1) All experimentation of the Covid-19 treatment on unsuspecting innocent civilians (thus constituting bio-warfare on the people).
- 2) All PCR testing which perpetuates the lie of a deadly pandemic, thereby constituting psychological warfare on the people if not a bio-warfare.
- 3) All demands to mask in places including but not limited to: private spaces, public spaces, on transportation by land, air, and maritime. This constitutes a further psychological assault on the people.
- 4) All lockdowns which constitute false imprisonment and a continuance of psychological warfare against the people.
- 5) All Quarantines of healthy Australian Citizens which furthers bio and psychological warfare against the Australian people.
- 6) All closures of State and Territorial boundaries separating families and breaking fundamental rules of freedom of movement within the federation. If the federation has been dissolved you must make the people aware, for in such an instance the federal body has no jurisdiction upon the people and any hostile act such as those listed herein shall be considered a declaration of open war from a hostile agent against the free people of this land and the people maintain the right to protect their lives, freedoms, liberties, and property.
- 7) All closures of Australia's borders, which constitutes a coercive effort to force the unsuspecting people of the land into participating in a medical experiment; as well as functioning as another arm of psychological warfare on the people by dividing families and keeping the entire country hostage to the edicts of the WHO, a demonstrably corrupt institution, and the officials of which were not elected by the Australian people. The Australian Federation is to stand as a free country not a prison island.
- 8) All state of emergencies which constitute fraudulent excuses to continue this covert war upon the people in the shape of tyranny.
- 9) All unlawful contact tracing of the Australian people, which constitutes a gross invasion of privacy.
- 10) All determinations of "asymptomatic carriers" - a non-scientific term designed with the only purpose of justifying the mistreatment and abuse of healthy freeborn men and women in this covert warfare against the people.

This letter serves as a lawful notice to cease and desist effective immediately. We consider these actions to be a cowardly declaration of war upon the people you have been entrusted to medically protect and

whose interests you have been paid to serve. Failure to cease and desist will be considered an act of treason against all free born men, women, and children of the Australian Federation.

We have not seen nor do we believe there exists sufficient evidence to support the assertion that a deadly pandemic exists and warrants a nationwide perpetual state of emergency that suspends the lawful freedoms of the Australian people. A detailed examination of case law, federal law and constitutional law categorically outlines the actions of our Federal Government and the State and Territorial governments as criminal. Common law states that if you as a doctor remain silent, failing to speak up about the unsafe nature of Covid Vaccines, your position in law is that you assent to the administration of the vaccines. As such, and being directed to cease and desist, should you continue in silence or otherwise to administer said vaccines, there can be no excuse under law for your action. No indemnity can exist. You will have committed a crime which in due course will be investigated and you may expect to be punished to the full extent of the law.

The requirements and demands of Australian law are not there to be suspended in times of crisis. They may only be changed by the people and they have not been changed. They are there to protect the people from the tyrannical and corruptible tendencies of Governments and those in office. It is during times of crises when such laws are needed the most to protect the people. We forthwith declare that all named herein have overstepped and severely violated the bounds of their office and failed to consider and protect the lawful interests of the Australian people in every conceivable way.

We take this opportunity to remind you of the following: the one true Almighty God stands as our one and only master. All free born men, women, and children upon this land and indeed the world is a viceregent of God, placed upon this Earth by God's will alone. Government was established under the Almighty God by free born men and women, and was entrusted to run our affairs and act in our best interest. The Government serves the people under God. Thus, all named herein owe a fiduciary duty to the people of Australia and are public servants only, directly answerable to We the Free People of this land. By default and by association with this government In accordance with the rules of equity, you have 72 hours from receipt of this letter to provide us with all and any proof to a contrary assertion. Should you fail to answer this order it is taken that your silence is an admission that no such evidence exists.

Should you continue any of the actions enumerated herein, and be found guilty of treason, or of conspiracy to cause harm, loss, or injury to the people of the Australian Federation, or of breaching your fiduciary duty as a medical doctor to the Australian people, you will be stripped of your office and credentials, tried before God and a jury of the people, and punished according to the will of God and the people who stand as His viceregent.

We direct you to govern yourself accordingly.
